

Starting up your own business

If you are starting a new business in the near future or you are considering self-employment for the first time, the Start Up Service will provide you with valuable help and support.

The programme is funded and managed by the Welsh Assembly Government. The Welsh Assembly contracts with a number of organisations throughout Wales to deliver the programme. The Business Centre Swansea is one of these programme providers in the Swansea area.

Please take full advantage of the help the programme can provide.

The programme is entirely free to you: -

Start-Up

Starting your own business will probably be one of the most important decisions you will make, therefore it is important to ensure that it is the right step for you.

Attend our Start Your Own Business taster workshop and come and talk to one of our experienced Business Advisors to explore your particular business issues and to help you to implement your start up plans.

If you start your business you could qualify for a Business Booster Payment of up to £200.

Business Planning Training

Book yourself onto our 3 day business planning course , which will help you to create a business plan for your new business and help you to avoid potential problems when you start.

To register, to make a booking, or for more information about the services, please contact our Client Liaison Team at the Business Centre Swansea on (01792) 545050.
